CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Proposed Laws To Be Aired Public

The Palm Beach County delegation announced dates for six legislative "clinics" as a prelude to the spring session of the Legislature. In making the announcement the legislators served notice that the strict rules of the past regarding legislation will prevail at the upcoming clinics.

State Sen. Fred O. Dickinson, Jr., and Reps. Ralph J. Blank, Jr. and Emmett S. Robert warned that bills which aren't thoroughly aired at one of the public hearings won't stand a ghost of a chance at the session.

The clinics were designed by the county delegation to put an end to a practice of officeholders' slipping up to Tallahassee and obtaining salary increases, and getting pet measures enacted without the knowledge of the general public. The public airing of all measures will be a must again this year.

"The clinics," Senator Dickinson said, "are our own idea. They are not a statewide practice. Our position simply is—if they won't put it on the table for everyone to see, we will not pass it."

The clinics to the upcoming session will open on Friday, Feb. 20. On that date two hearings will be held, the first at 9:30 a. m. in Lake Worth City Hall, the second at 1:30 p. m. at the County Commission meeting room at the courthouse in West Palm Beach.

The other clinics will be held: Friday, Feb. 27, 1:30 p. m. DeLay Beach City Hall.

Friday, March 6, 9:30 a. m. Pahokee Town Hall; 1:30 p. m. Riviera Beach City Hall.

Friday, March 20, 10 a. m. County Commission room, courthouse, West Palm Beach.

The delegation added that "all local bills which are to be introduced by this delegation must be presented publicly in bill form at one of the scheduled clinics."

Funeral Services For Blake Dunson

Funeral services for Blake Lee Dunson, 70, Pahokee, were held at The Pahokee First Methodist Church Sunday at 3 p. m. with the Rev. Clare S. Hall, pastor officiating. Interment was at Port Mayaca Cemetery.

Mr. Dunson died at the Everglades Memorial Hospital Friday night following a heart attack. A former resident of Fort Lauderdale, he came to Pahokee eight years ago from Valdosta, Ga. He was employed by the State as car license inspector, and was a member of the Pahokee First Methodist Church, BPOE Lodge 1638, and Peace Officers Association.

Survivors include his wife, Frances; Pahokee daughter, Mrs. Mary Nell Skirm, St. Petersburg; two brothers, Bill Dunson, Welaka, Fla., and George Dunson, St. Petersburg; two sisters, Mrs. Nan Farmer, Orlando, and Mrs. Lucille Beauvia, St. Petersburg.

Palbearers were E. A. Jensen, James W. Vann, Louis Walker, Jimmy Shirley, Joe Cherry, Jr., and Pope Sears.

Mrs. J. V. Thomas is ill at her home on East Main Street this week.

David Simonson In Yearly "Road-e-o"

David Simonson, Pahokee High School Junior, son of Mr. and Mrs. Robert B. Simonson, has been selected to represent the Pahokee Junior Chamber of Commerce at the Jaycee's annual district "Road-e-o" to be held later this month at Pompano Beach. David, a member of the driver education class at PHS, was selected to compete in the Road-e-o for his skill and good judgement in handling a car on the highway, according to Kyle Scott, class instructor. District winners will be eligible to compete in the State finals to be held in Tampa.

Talent Show For Pahokee PTA

Mrs. Osceola Upthegrove resigned as secretary of the Pahokee Parent-Teacher Association at the January meeting held in the high school auditorium Monday night with Mrs. Elsworth Keen presiding in the absence of the president, Mrs. Roy Vandegrift, Jr. A new secretary will be elected at the next meeting.

It was announced Dr. Lewis D. Lewis of Florida State University, Tallahassee, will serve as instructor or at the Parent-Family Life Institute to be held under the sponsorship of PTA in the Pahokee High School auditorium on Feb. 2 and 3 from 7:30 to 9:30 p. m.

The group voted to cancel the Health and Leadership Course, originally scheduled to be held in Pahokee in April. It was announced this course will be conducted in West Palm Beach in February and Pahokee PTA members are invited to enroll there.

The monthly attendance awards were won by Mrs. Kathryn Cunningham and first grade room at the elementary school and by the twelfth grade at the high school.

The program featured a talent show given by students of Pahokee Schools with Mrs. Keen in charge of arrangements. Jean Brown and Shirley Kincaid sang a duet, "My Happiness," accompanied at the piano by Alice Elaine Hurt. Tammy Branch gave a pantomime of Debbie Reynolds' "High Heels." Gene Parnell and Alvy Early presented a "Neverly Brothers" skit and Glenda Faye Russom played two piano solos, "Star Dust" and "Near You."

Following the program open house was held in the new Pahokee School Cafeteria which was completed during the Christmas holidays and opened on Jan. 5. Mrs. Dorothy Stanley, cafeteria manager, and members of her staff were hostesses during the serving of refreshments.

Youth Center Plan Told Woman's Club

Present activities at the Pahokee Youth Center and plans for future developments were outlined to members of the Pahokee Woman's Club in a program presented by Mrs. Claud L. Morgan, program chairman, at a club luncheon meeting Wednesday.

Sonny Folds, president of the Youth Council at the Center, spoke of the importance of the Center as a source of wholesome entertainment for school children of all ages in the Pahokee-Canal Point area. Better Buy Tag Or Maybe Wait In Line

Do you want to stand in a long, long line to buy your auto tag? It's beginning to look like that is what's going to happen along about the middle of February. Mrs. Edwina Young of Stetson Sprout's office at the Glades Office Building said yesterday that sales on auto tags are lagging and the time is flying.

Only 500 tags were sold the first week they were placed on sale, according to Mrs. Young. She said there are 7,500 tags to be sold in the Glades, so it looks like somebody is in for a long wait in line at a later date.

The tag office is open from 9 a. m. until 4:30 each day Monday through Friday.

City Plans Lease Harbor Facilities

The Pahokee City Council in regular session Monday night, with C. R. Wetherington, Jr., president pro temp, presiding, in the absence of President George Tucker, Jr., appointed Mayor F. S. Parrish to represent the city at the Glades Legislative Clinic to be held in the Pahokee City Hall Friday, Mar. 6, from 9:30 to 11:30 a. m. Mayor Parrish will support at the clinic the proposal of a one-cent return of the State gasoline tax to municipalities.

John T. Pickett, Sr., authorized to draw plans for a 12 by 24-foot frame building to be used as a concessions building at Pahokee Harbor, the building to be movable if the necessity arises. Building Inspector Frank Thompson Councilman Charles Brown and Mayor Parrish were named on a committee that was given authority to approve final plans and specifications for the building.

City Attorney Ralph O. Johnson and City Clerk Patricia Batchelor were instructed to prepare the necessary papers for advertising for bids to lease the breakwater and other facilities, the date of the advertising depending on the completion of the concessions building.

Johnson was also instructed to draw up an ordinance increasing the license fee for peddlers of dry goods, notions and other merchandise from \$100 to \$200. Those peddling foods and produce not grown by themselves will pay a fee of \$25 if a local resident and \$100, if not.

The Council accepted by resolution an offer by the Florida Power and Light Company, submitted by Curtis Chase, of a lower commercial rate for electricity because of the increased use of electricity by the city.

State Law Will Govern New Cities

The possibility of a legislative act requiring areas which wish to incorporate as municipalities, to adopt county road specifications and zoning regulations, was reviewed this week by the county commission.

Commissioner Kenneth Foster said it is a prime responsibility of the county commission to protect the buying public with reference to purchasing homes in new subdivisions.

He said many areas are seeking to incorporate in an effort to get out from under road building and zoning requirements which are now a part of county regulations.

He suggested that a legislative act be sought to make county standards a requirement before any area could be incorporated. He also suggested that in the event of any incorporation in any area, that all right of ways and public lands be held in the name of the county.

The commission planned a conference with the Palm Beach County legislative delegation to discuss the issue.

Scholarships To Be Made Available

TALLAHASSEE — More than \$125,000 will go into scholarships at the undergraduate level in Florida College and Universities in the next four years under an expanded research program announced by The National Foundation.

Funds for the vast National Research operation will be raised through The Foundation's annual March of Dimes campaign which is underway in January.

March of Dimes funds will go into the multiple jobs of mopping up against Polio, and initiating an all-out battle to save the more than 250,000 infants born annually with some sort of birth defects.

March of Dimes leaders conferring with State School Supt. Thomas D. Bailey this week were given a pledge of complete cooperation by the Florida school system.

The scholarships—15 of them per year at the undergraduate level in addition to the post-graduate fellowships to be continued by The National Foundation—will go to Florida University and College students studying in medical research, physical therapy and kindred fields.

Under the permanent scholarship program contemplated by The National Foundation, some \$30,000 or more will be spent annually from this time forward on Florida scholars studying in Florida schools. The scholarships provide \$500 per year for four years, under current arrangements.

Superintendent Bailey this week also presented a plaque by The National Foundation for what president Basil O'Connor termed Bailey's "important role" in Florida's school fight against Polio.

O'Connor told Bailey the schools of Florida "have contributed enormously by furthering education concerning this crippling disease, by encouraging Salk vaccinations," and otherwise cooperating in the winning battle against Polio.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. *That means a return of up to 80% more than you originally paid.*

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67... a \$37.50 Bond will be worth \$67.34... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90... in 9 years and 8 months, you'll have \$2,850.70... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Christian Science Group Of Canal Point

The apostle John's inspiring account of the raising of Lazarus by Christ Jesus is featured in the Lesson-Sermon entitled "Life" which will be heard at Christian Science services, Sunday.

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (75:13): "Jesus restored Lazarus by the understanding that Lazarus had never died, not by an admission that his body had died and then lived again. Had Jesus, believed that Lazarus had lived or died in his body, the Master would have stood on the same plane of belief as those who buried the body, and he could not have resuscitated it."

The Golden Text is from Psalms (118:17): "The Lord is my strength and song, and is become my salvation. I shall not die, but live, and declare the works of the Lord."

—but you can't live in it!

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

* * *

If you want your interest at current income, ask your bank about Series H Bonds, which pay interest ~~not~~ annually by Treasury check.

Choose your own savings goal

| | If you want approximately | | |
|--|---------------------------|----------|----------|
| | \$5,000 | \$10,000 | \$25,000 |

| Each week for 19 years and 6 months, save..... | \$3.75 | \$7.50 | \$18.75 |

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save any amount you want. For more information, ask your pay office or bank about U.S. Savings Bonds.
